Send me a million dollars and ill get your SGTMarkIV himself to hand it over to you. *

You don't have a million dollars? What is this thread then? Here i am offering you a one-of-a-kind deal and it only costs a million dollaroos.

Its a bargain. A steal.

First my million dollars. Then we will talk. And please tell me what you have found so i don't have to come up with things like the Sperglord Edition of Brutal Doom.*

** Everything here was said in jest. I am sure you know why.

You said that someone was asking for money for a mod/WAD. That is unlawful, and they should stop. Please tell us who it is.
