I.. do not have the vocabulary to respond to this. What the hell is this thread, and why are you Insulting(?) me because I asked a valid question? Are you shitposting or trolling. Please pick one, and stick to it. You're hurting my brain, or what's left of it at least.

To the moderator who has to close this thread: I am truly sorry you had to take time out of your day to close this clusterfuck of a thread.

Considering we are in a pandemic and the world's busy ending...
Everything we can at home to spend time.

In layman's terms: I don't know.

You mean take this thread from public view, right? Since from what I know only the admins can access Post Hell now.

Remember that the time we're using here, we will never recover,
however, it's worth it for the laughs if you want to laugh rn

I actually remember testing his map. I kind of felt bad for the kid(I assume he was a kid, from the way he reacted to constructive criticism at least), he seemed really proud of what he created. Lost all sympathy when he tried to pass of someone else's work as his own.

What the fuck is this thread. I'm just replying so I can say I was here but over 100 replies in two hours must be the fastest I've seen a thread grow.
